

expression and/or stability of an RNA encoding one or more protein subunit of telomerase enzyme.”

A marked up copy of the Abstract showing changes made by amendment is attached as **APPENDIX B.**

**IN THE FIGURES:**

Please replace Figures 1-4 with substitute Figures 1-4 submitted herewith. A marked up copy of the original Figures showing changes made by amendment is attached as **APPENDIX C.**

**SEQUENCE LISTING:**

Please incorporate by reference the sequence listing submitted herewith. The sequences in the sequence listing correspond to the sequences and SEQ ID NOs found in the substitute tables, figures, and the amended specification, filed herewith.

**REMARKS**

**Specification**

Page 1 of the specification was amended to incorporate by reference the sequence listing, submitted herewith.

The paragraph on page 8, line 22 – page 9, line 17 of the specification was amended to provide clarification by including SEQ ID NOs to identify the sequences disclosed within that text (C.F.R. §§ 1.821-1.825). Specifically, SEQ ID NOs were added on page 8 at line 25 (NO. 5569), line 27 (NO. 5570), line 28 (No. 5571), and line 29 (NO. 5572); and on page 9 at line 6
